

PROTOCOL 6

PROTOCOL 6 LIMITED IS A SPECIALIST, INTERNATIONAL CONSULTANCY of discrete, experienced finance, legal and business professionals. Our combined experience, expertise and international network are leveraged to provide practical solutions for our clients. We have built our reputation on straight-forward, fact-driven analysis that affords our clients a comprehensive set of quality options related to finance, international expansion, or commercial acceleration.

Our principals together boast over 55 years' experience in international commerce and law, having held positions in public service, in international public companies, and in elite international law chambers. Our professional experience crosses continents, stretching from North America to Southeast Asia (and all climes in between).

Our deep international experience and wide network of similar professionals globally allow us to present our clients with unique commercial relationship opportunities. Whether our client is looking for joint venture partners or investment, we present a curated portfolio of contacts that accelerates entry into new markets, jurisdictions and relationships.

OUR PHILOSOPHY

WE BELIEVE IN TRANSPARENCY AND HONESTY. This may seem self-evident, but it merits special attention. Too often, our clients have recounted experiences with charlatans—the false promises, the facile analysis, and the fake sense of honour in business. We do not operate that way. In fact, we have dutifully declined more potential clients than we have accepted. If we cannot be of service to a particular project, we are the first to say it, sparing prospective clients from the frustration that inevitably comes from advisors who lack transparency and honesty.

OUR INTEGRITY IS MORE IMPORTANT THAN ANY INVOICE.

OUR CLIENTS

FROM START-UPS TO ESTABLISHED INTERNATIONAL TITANS OF COMMERCE. We are professional and discrete. As such, we do not publicise the names of our clients. Even if our clients permitted us, which we have never solicited, we would elect not to publish a client list. Rather, we can refer prospective clients discretely to our existing clients for a full and frank discussion of the capability, attentiveness and calibre of Protocol 6.

CORPORATE PARTICULARS

Protocol 6 is registered in England & Wales (Company N^o 11505846), as well as the United States. Our registered office in England is: International House, Holborn Viaduct, London EC1A 2BN.
